

# Fashion inspired by Art

a Project by Tab221

Fashion inspired by art, project description:

What would happen if you took some of the greatest artworks of our time and converted them into outfits?

For the last project of our apprenticeship we decided to get inspired by artworks from all around the world- the art world provides millions of sources of inspiration.

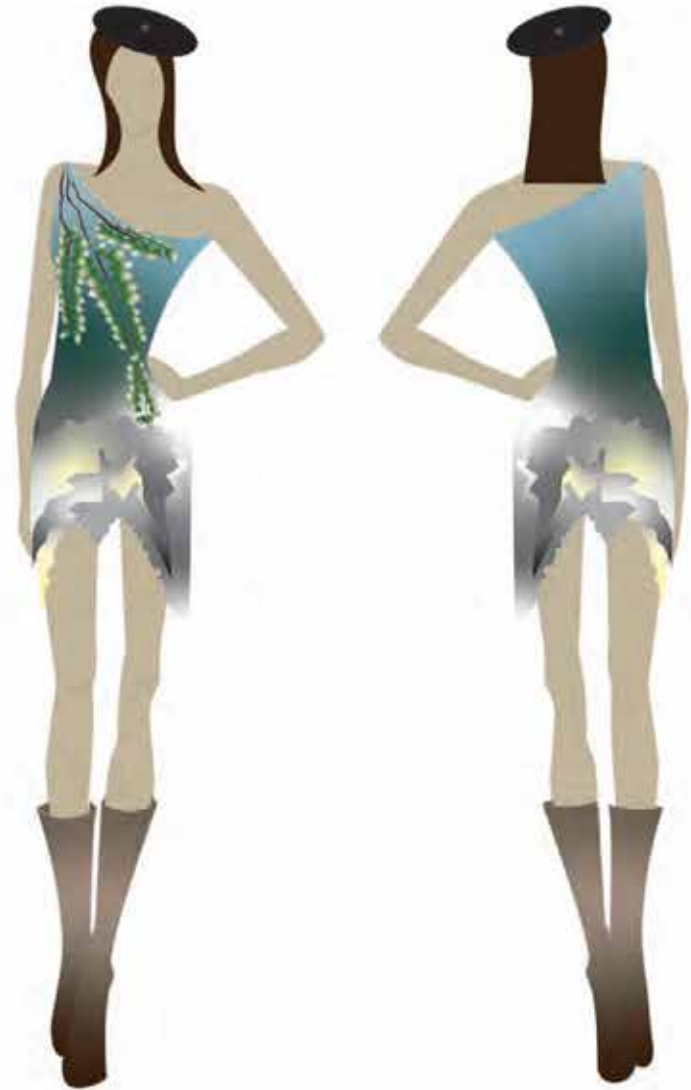

In conclusion, there were millions of opportunities for our class to fulfill the assignment.

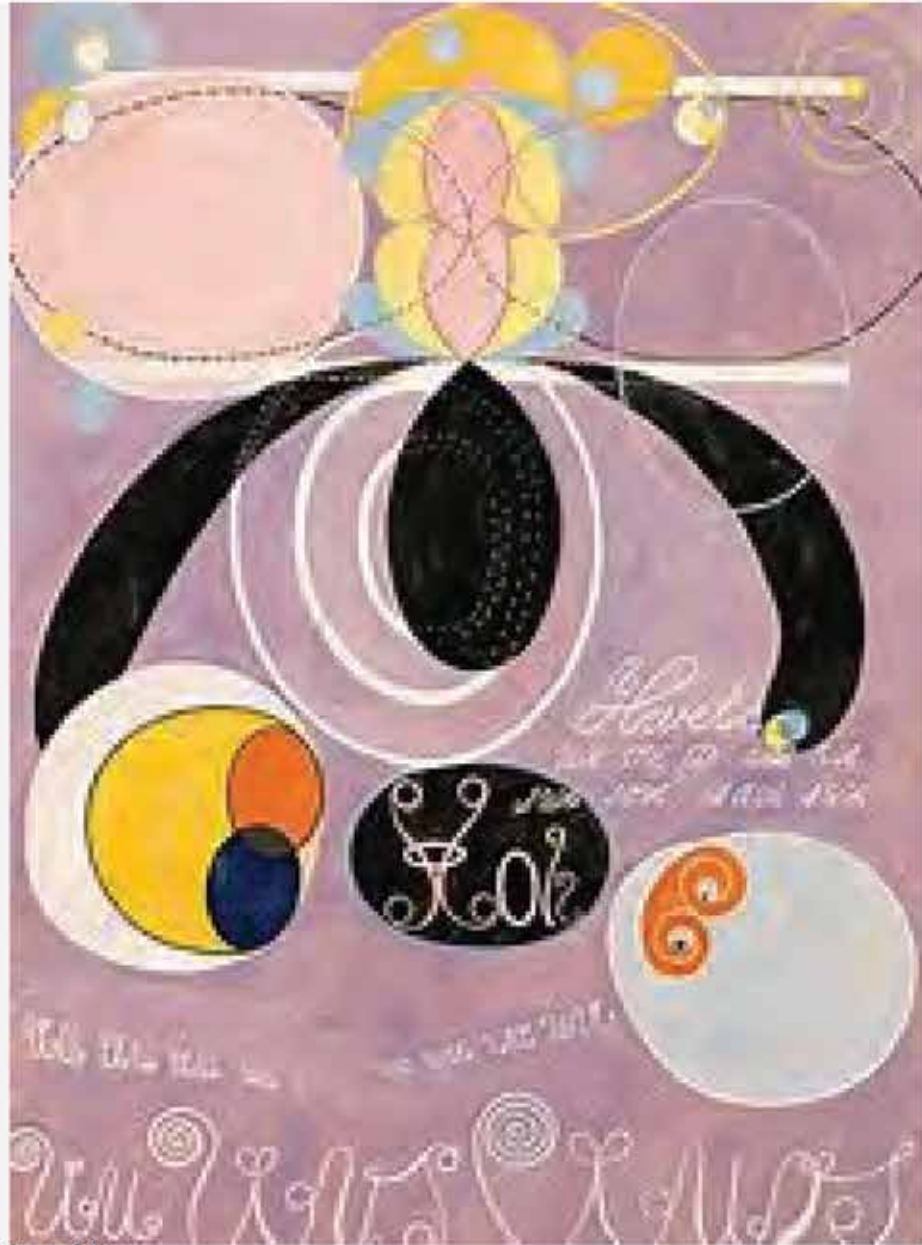

Everybody found an artwork specifically fitting their style and in the end we had ten different outfits, inspired by art, each outfit being more colourful and exciting than the next.

The resulting outfits, paired with the fitting artwork, can be found in this booklet.
